Policy --- 4035

Administration

Professional Growth and Development

The board recognizes that training and study for administrators contribute to their skill development and ability to better serve the district. The superintendent will annually approve attendance at meetings, seminars and coursework designed to assist the administrative staff meet these goals.

Administrative staff are encouraged to be members of and to participate in professional associations which have as their purposes the upgrading of school administration and the continued improvement of education in general. The board will provide funds, through each administrator's budget for membership in one (1) such organization of the administrator's choice annually and will similarly provide released time an funds for attendance at local, area and state meetings. Administrators will be afforded the opportunity to attend one national meeting or convention each three (3) years of service to the district, provided funds are budgeted for such purposes.
