

2020 "Nature" Art Contest

Presented by Creative Arts Committee

Look for these winning entries as they tour from each of the district's schools and will conclude May 11th at the school board meeting.

The winning entries will be printed into greeting cards and will go up for sale this spring. Please stay tuned for that date and location of where might find them available for purchase.

The proceeds from the sales will fund a fine art scholarship for one of our district's graduating seniors.

A big thank you to all those students, teachers and schools who participated in this year's contest.

The Creative Arts Committee's goals are to expand opportunities and facilitate access to creative inspiration and practical teaching experience, to encourage a school culture that values ingenuity and innovation and to foster creativity and arts integration at all levels across the curricular spectrum while growing current art disciplines programs.
