

PAYETTE LAKES MIDDLE SCHOOL
Insurance Information For Athletic Participation

Proof of Insurance

Even though the school provides the best available equipment and trained supervision, the nature of athletics makes some injuries possible. The McCall-Donnelly Jt. School District is not liable for bills incurred as a result of injury. Such bills are the responsibility of the parents.

To protect the parent from financial hardship and to ensure that the athlete receives proper medical treatment in case of injury, it is required that each athlete have accident benefit insurance.

If you do not have personal insurance to cover such injuries you may purchase insurance through Northwestern Scholastic Insurers. A brochure is available in the fall of each year from the middle school office. If you choose to purchase this insurance, payment must be turned in with the brochure to the office. Checks or money orders are to be made payable to Northwestern Scholastic Insurers. The money and enrollment forms are forwarded to the company. Coverage begins on the date the school receives the form and money.

To participate in middle school athletics each student needs a parent or guardian signature with one of the following options indicated:

____ I choose to purchase insurance through Special Markets Insurance Consultants, Inc. (SMIC).
Please provide a brochure.

____ I have personal insurance which adequately covers interscholastic athletics and I do not wish to purchase insurance through SMIC.

Signature of Parent/Guardian

Date

Student's Name (*Please print*)
