

State Funding for the District

- District gets checks 4 times a year: August, November, February, May (final payment to balance) Idaho Code 33-1009
- The August and November payments are based on the previous spring projections.
- February is the first payment that right-sizes for an increased ADA.
- If the district has more students in August than anticipated through projections, then the district has the provision for a School Emergency Fund Levy. In case something unforeseen happens.
- These funds provide the resources from August until the right sized payment in February.
