## Preschool Child Find!!!

The McCall-Donnelly School District will conduct a **FREE** preschool screening for children ages 3-to 5. Children who demonstrate developmental delays in one or more of the developmental areas may be eligible for special education services. The purpose of a developmental screening is to assess your child's speech and language development, concept knowledge, problem-solving skills, fine and gross motor skills, and social skills. If you live in the district's attendance zone and have concerns about your child, please contact McCall-Donnelly Early Childhood Special Education teacher, Sara Brodhecker at 208-325-4433 to set up an appointment. Your child may qualify for a free preschool program at the **Developmental Preschool in the Donnelly Elementary School.**
