

Green Committee District Meeting

April 14, 2016

Members Present:

Beth Hefflin, Emily Beaver , Melissa Coriell, Jason Clay, Lindsey Truxel

Agenda

Green Conference Discussion

Emily made a proposal for a conference this year but it has been decided that there is too much going on and to take the ideas that are being considered and do them next year in September.

Judy Anderson has accepted the position for the community member on the Green Committee.
shaver.anderson@gmail.com

It was decided also that this would be our last committee meeting as everyone is very, very busy.

First meeting will be set in September to arrange for the Student Green Conference. It has been suggested that we meet in August to prepare for this conference and not in September. Judy would be happy to be a presenter. Paul Dionne from Lake Shore Disposal would also like to be present at the conference. pauldi@wasteconnections.com

It has been a pleasure working with you. I know that Mr. Foudy will pick the committee chair person for the upcoming year. You are all quite capable of leading this group as you are passionate about being green and teaching our children about being eco-literate.

I wish you all the best in the future Go Green!

Linds :)
