## Memorandum

**To: Parents, Faculty, Building Occupants and Community Members**

**From: McCall-Donnelly School District**

**Subject: Annual Asbestos Management Communication**

Over the last several years the McCall-Donnelly School District has taken steps to remove all known asbestos in our school buildings and support facilities. This was done through abatement projects at the old high school/elementary building and Donnelly elementary. Also, during the recent construction of our new facilities, per the architect's specifications and certified by the construction manager, only asbestos free products were used.

Although we currently have no known asbestos in the McCall-Donnelly School District, in accordance with the Asbestos Hazard Emergency Response Act of 1986 (AHERA), we are obligated by law to maintain an AHERA management plan to be located at each school building and the District Office. These plans are available for public viewing at the District Office.

A memorandum similar to this will be sent out each year, at the beginning of the year, as notification of the AHERA management plan, the locations it can be found and any significant changes made.

If you should have any questions please contact the District Office.

Respectfully,

**Matt Moss**  
**Director of Operations**
