

## Professional Development Committee (Agenda)

December 5, 2019

### Minutes:

In attendance: Lesley D, Tenaya W, Leslie M, Jacquelyn H, Shealyn M, Kylie C, Maria A, and David P

- PD National Conference Attendance (Update)
  - PD Framework and future PD
  - August 27<sup>th</sup>, 2020 / October 9<sup>th</sup> 2020
- 

#### 1. Regional Conference Attendance

David reported feedback from the recent admin meeting in which it was determined that an official addendum was not needed at this time. The current schedule still allows for the possibility of regional state / regional conference attendance (as long as it falls within the appropriate budget and aligns to district goals).

#### 2. PD Framework Update

The committee reviewed the McCall-Donnelly School District Professional Development framework from 2017-2020 (displayed on the screen). David discussed that a goal for this year is to update the framework going into the 2020-2021 school year. At the last meeting, each committee member was asked to return to their building to seek feedback / input on the framework. At future PD meetings one building will report back in order to update the framework. Tenaya W. shared individual staff feedback from BRMES, which included suggestions on best practices when it comes to use of technology / screen time for elementary students, continuing to support teacher participation in the Idaho Core program, and support teacher to attendance to national conferences. At the next PD meeting (February 2020) the middle school members will report to the committee.

#### 3. August 27<sup>th</sup> TTD (Wayne Callender)

- a. For consideration: (Into Reading, Science, Technology) / October 9<sup>th</sup>?

The team was informed that the district has booked Wayne Callender for the August 27, 2020 TTD. We reviewed the proposed agenda that includes an all-district in-service in the morning and then an afternoon session that is designed for the district's RTI leadership team. The committee discussed what alternatives should be offered in the afternoon. Kylie suggested

offering breakout sessions with a similar theme (ie differentiation) that could also serve as follow up training for August 2019 session. Other ideas included bringing local mental health experts / counselors to present on recent trends in regards to vaping and social-emotional well-being. The elementary representatives (Lesley and Tenaya) believed that the training for the new science program could be scheduled on the afternoon of the 27<sup>th</sup>.

### **Upcoming Trainings**

- b. January 17<sup>th</sup> Into Reading Coaching (DES / BMES)
- c. NNU Behavior PLC (Special Education)
- d. March 13<sup>th</sup> Into Reading Coaching (DES / BMES)
- e. May 15<sup>th</sup> Into Reading Coaching (DES / BMES)
