

## Policy 1100

### Board of Trustees

#### Board Insurance

The district will defend, hold harmless and indemnify trustees as well as employees of the district and their spouses and marital community from any and all demands, claims, suits, actions and legal proceedings brought against them in their individual capacity or in official capacity as agents and employees, provided the incident arose while acting within the scope of responsibility and/or employment. Indemnification will include the cost of legal defense approved by the trustees.

The district shall maintain sufficient insurance to protect the board and its individual members against liability arising from actions of the board or its individual members while each is acting on behalf of the district and within his/her authority as a board member.

An individual trustee may participate at his/her own cost in any of the personal liability, health care, accident disability or other forms of insurance made available to district employees if plan sponsors permit such participation.
