

Policy 3245

Students

Transportation to and From School-Sponsored Activities

The district will provide transportation to all school-sponsored activities for students participants representing the district that are scheduled at a location outside this district. All student participants are required to ride the bus to and from these scheduled events, unless alternative transportation is pre-approved by the principal/athletic director.

At the close of an activity before buses begin the return trip, students may only be released to their parent/guardian in a face-to-face situation with the coach/advisor. Such release will require a signed, dated note from the parent/guardian.

Under no circumstances will student participants be allowed to transport themselves or other students to or from the activity, except in the presence of his or her parent/guardian.
